Dear Mr. Willumsen

Mr. Max Meden has been so good as to send me from Copenhagen a copy of Hjalmar Öhman's book about you & your work. It is wonderful & I am filled with admiration & feel I must write to you to tell you so. Each successive time I turn these large pages I am the more impressed by the originality & power of your designs.

I am now hoping that you will have sent to me some photographs of your sculpture that I may illustrate it in my third volume, and I beg of you to fill in the enclosed schedule & return it to me at your kind convenience.

Greetings:

I am yours Sincerely
Kineton Parkes.
